

src/questao_1/area.cpp

```
graph TD; A[src/questao_1/area.cpp] --> B[cmath]; A --> C[area.h];
```

The diagram illustrates the dependencies of the file `src/questao_1/area.cpp`. It is represented by a gray rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box is labeled `cmath` and the right box is labeled `area.h`. This indicates that `area.cpp` depends on both the `cmath` library and the `area.h` header file.
